Parent Education And Family Stabilization Course Enrollment Verification Letter

Student: John Doe
Location: Orlando, FL
Course: 4-hour Parent Education And Family Stabilization Course
Enrollment Date: January 1, 2022
Student ID: 999

This letter serves as notification that John Doe enrolled in the 4-hour Parent Education And Family Stabilization Course on January 1, 2022.

I am the course instructor and have a Bachelor's Degree from the Florida State University with a specialization in Child Development: Family and Child Science. I have received, and actively hold, the Advanced Director Credential from the Florida Department of Children and Families (DCF).

My work experience includes developing curriculum, lesson planning, classroom assessments, and teacher evaluations. I have been an infant, pre-kindergarten, and elementary school teacher, a supervisor for a county child development center, a child care facilities inspector for DCF, and a director at several schools. I hold over ten professional certificates and I have been recognized as a nominee for the Educational Disney Hand Teacher Award.

This course has been acknowledged by, and received approval from, numerous State Departments for use in court-required educational programs. Thousands of certificates verifying successful completion are widely accepted by most U.S. Court Judicial Districts.

If you require any further information regarding the participation of John Doe in the Parent Education And Family Stabilization Course, please send an email to help@nlearning.org or call the number below.

Best,
